KC Wine Bar and Bistro in Beverly Hills is located in the shopping plaza of Dollar Tree and Bangkok Thai. It's down the corridor where the laundromat used to be.. KC's does have another restaurant that's been open for a while in Crystal River. It's KC's Wine and Coffee Bar. Their menus are different. We liked the cobra fish. Some complain of the exhaust smell... have not been there recently. They do have special theme nights and entertainment. We definitely would go back to this restaurant, and we definitely will try it for lunch. 352-513-4819

We tried **Mike's Other Place** for lunch in Hernando (it's a deli and hot dog place). After you enter, grab your drinks from the cooler, stand in line to place your order. They bring your lunch to your table. Art had a coney dog, and he would return for another. He liked it. I had a container of seafood salad, and it was OK. A little too much dill in it for me, but very reasonable and this a very popular place. I also brought home a lobster, shrimp, and scallop cannelloni tray. It was very good for \$11.99 (three cannellonis). They usually have 3 choices of "take home" to heat up yourself..2780 N Florida Ave (Hwy 41); 352-419-4274

Paige's Root Beer -A place for old fashioned fried hamburgers and homemade root beer. Often wins the "best Hamburger" award in CC. from NEXTDOOR SITE: "Paiges has that old fashion burger in the softest bun.I have not found that taste since my early days in Chicago. Cady's Cafe is a coffee place, but they have a nice-sized breakfast/lunch menu. This is a paper plate, plastic fork type place with very reasonable prices. Cozy size: 4 tables inside and a couple tables outside. They do have ready to go items, as well as, carry-out business.. Check their hours.
